To: Shareholders of iShares MSCI World Quality Factor Advanced UCITS ETF (ISIN: IE000U1MQKJ2) (the "**Fund**"), a sub-fund of iShares IV plc (the "**Company**")

Dear Shareholder,

We are writing to you as a Shareholder in the above Fund.

The Directors of the Company wish to advise you of a change to the MSCI World Quality Advanced Select Index (the "**Index**"), the benchmark index of the Fund which impacts on the disclosure in the Prospectus relating to the Company.

Background

The methodology of the Index is being amended to reflect updated climate objectives including (i) a reduction in the ESG score uplift requirement from 20% to 10% and (ii) lowering the carbon reduction requirements from 30% to 20% and (iii) removal of the potential carbon intensity metric.

The change outlined in this letter is anticipated to take effect on or around 2 June 2026 (the "**Effective Date**").

The change being made is not expected to have a material effect on the manner in which the Fund is managed.

The Fund will continue to be classified as an Article 8 fund under the EU Sustainable Finance Disclosure Regulation ((EU) 2019/2088).

By way of background, MSCI are introducing these changes to align with evolving market expectations regarding ESG characteristics, including the calibration of certain ESG constraints and metrics. The rationale for the change to the Index is to ensure the Fund continues to be correctly aligned with the underlying Index.

The updated Prospectus will be available on www.ishares.com. It is not expected that there will be any change to the Synthetic Risk Reward Indicator or anticipated tracking error of the Fund.
