Carefully consider the funds' investment objectives, risk factors, and charges and expenses before investing. This and other information can be found in the funds' prospectuses and, if available, the summary prospectuses which may be obtained by visiting www.ishares.com or www.blackrock.com. Read the prospectus carefully before investing. Investing involves risk, including possible loss of principal.

International investing involves risks, including risks related to foreign currency, limited liquidity, less government regulation and the possibility of substantial volatility due to adverse political, economic or other developments. These risks often are heightened for investments in emerging/developing markets and in concentrations of single countries.
