iShares® Gold Trust
Notes to Financial Statements (Unaudited)
June 30, 2020

1 - Organization

The iShares Gold Trust (the "Trust") was organized on January 21, 2005 as a New York trust. The trustee is The Bank of New York Mellon (the "Trustee"), which is responsible for the day-to-day administration of the Trust. The Trust's sponsor is iShares Delaware Trust Sponsor LLC, a Delaware limited liability company (the "Sponsor"). The Trust is governed by the provisions of the Fourth Amended and Restated Depositary Trust Agreement (the "Trust Agreement") executed by the Trustee and the Sponsor as of December 22, 2016. The Trust issues units of beneficial interest ("Shares") representing fractional undivided beneficial interests in its net assets.

The Trust seeks to reflect generally the performance of the price of gold. The Trust seeks to reflect such performance before payment of the Trust's expenses and liabilities. The Trust is designed to provide a vehicle for investors to make an investment similar to an investment in gold.

The accompanying unaudited financial statements were prepared in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP") for interim financial information and with the instructions for Form 10-Q and the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC"). In the opinion of management, all material adjustments, consisting only of normal recurring adjustments considered necessary for a fair statement of the interim period financial statements, have been made. Interim period results are not necessarily indicative of results for a full-year period. These financial statements and the notes thereto should be read in conjunction with the Trust's financial statements included in its Annual Report on Form 10-K for the year ended December 31, 2019, as filed with the SEC on February 27, 2020.

The Trust qualifies as an investment company solely for accounting purposes and not for any other purpose and follows the accounting and reporting guidance under the Financial Accounting Standards Board Accounting Standards Codification Topic 946, *Financial Services - Investment Companies*, but is not registered, and is not required to be registered, as an investment company under the Investment Company Act of 1940, as amended.

2 - Significant Accounting Policies

A. Basis of Accounting

The following significant accounting policies are consistently followed by the Trust in the preparation of its financial statements in conformity with U.S. GAAP. The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Certain statements and captions in the financial statements for the prior periods have been changed to conform to the current financial statement presentation.

B. Gold Bullion

JPMorgan Chase Bank N.A., London branch (the "Custodian"), is responsible for the safekeeping of gold bullion owned by the Trust.

Fair value of the gold bullion held by the Trust is based on that day's London Bullion Market Association ("LBMA") Gold Price PM. "LBMA Gold Price PM" is the price per fine troy ounce of gold, stated in U.S. dollars, determined by ICE Benchmark Administration ("IBA") following an electronic auction consisting of one or more 30-second rounds starting at 3:00 p.m. (London time), on each day that the London gold market is open for business and published shortly thereafter. If there is no LBMA Gold Price PM on any day, the Trustee is authorized to use the most recently announced price of gold determined in an electronic auction hosted by IBA that begins at 10:30 a.m. (London time) ("LBMA Gold Price AM") unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate as a basis for evaluation.

Gain or loss on sales of gold bullion is calculated on a trade date basis using the average cost method.

C. Calculation of Net Asset Value

On each business day, as soon as practicable after 4:00 p.m. (New York time), the net asset value of the Trust is obtained by subtracting all accrued fees, expenses and other liabilities of the Trust from the fair value of the gold and other assets held by the Trust. The Trustee computes the net asset value per Share by dividing the net asset value of the Trust by the number of Shares outstanding on the date the computation is made.

D. Offering of the Shares

Trust Shares are issued and redeemed continuously in aggregations of 50,000 Shares in exchange for gold bullion rather than cash. Individual investors cannot purchase or redeem Shares in direct transactions with the Trust. The Trust only transacts with registered broker-dealers that are eligible to settle securities transactions through the book-entry facilities of the Depository Trust Company and that have entered into a contractual arrangement with the Trustee and the Sponsor governing, among other matters, the creation and redemption of Shares (such broker-dealers, the "Authorized Participants"). Holders of Shares of the Trust may redeem their Shares at any time acting through an Authorized Participant and in the prescribed aggregations of 50,000 Shares; *provided*, that redemptions of Shares may be suspended during any period while regular trading on NYSE Arca, Inc. ("NYSE Arca") is suspended or restricted, or in which an emergency exists as a result of which delivery, disposal or evaluation of gold is not reasonably practicable.

The per Share amount of gold exchanged for a purchase or redemption represents the per Share amount of gold held by the Trust, after giving effect to its liabilities.

When gold bullion is exchanged in settlement of a redemption, it is considered a sale of gold bullion for accounting purposes.

E. Federal Income Taxes

The Trust is treated as a grantor trust for federal income tax purposes and, therefore, no provision for federal income taxes is required. Any interest, expenses, gains and losses are passed through to the holders of Shares of the Trust.

The Sponsor has analyzed applicable tax laws and regulations and their application to the Trust as of June 30, 2020 and does not believe that there are any uncertain tax positions that require recognition of a tax liability.

3 - Trust Expenses

The Trust pays to the Sponsor a Sponsor's fee that accrues daily at an annualized rate equal to 0.25% of the net asset value of the Trust, paid monthly in arrears. The Sponsor has agreed to assume the following administrative and marketing expenses incurred by the Trust: the Trustee's fee, the Custodian's fee, NYSE Arca listing fees, SEC registration fees, printing and mailing costs, audit fees and expenses, and up to \$100,000 per annum in legal fees and expenses.

4 - Related Parties

The Sponsor and the Trustee are considered to be related parties to the Trust. The Trustee's fee is paid by the Sponsor and is not a separate expense of the Trust.

5 - Indemnification

The Trust Agreement provides that the Trustee shall indemnify the Sponsor, its directors, employees and agents against, and hold each of them harmless from, any loss, liability, cost, expense or judgment (including reasonable fees and expenses of counsel) (i) caused by the negligence or bad faith of the Trustee or (ii) arising out of any information furnished in writing to the Sponsor by the Trustee expressly for use in the registration statement, or any amendment thereto or periodic or other report filed with the SEC relating to the Shares that is not materially altered by the Sponsor.

The Trust Agreement provides that the Sponsor and its shareholders, directors, officers, employees, affiliates (as such term is defined under the Securities Act of 1933, as amended) and subsidiaries shall be indemnified from the Trust and held harmless against any loss, liability or expense incurred without their (1) negligence, bad faith, willful misconduct or willful malfeasance arising out of or in connection with the performance of their obligations under the Trust Agreement or any actions taken in accordance with the provisions of the Trust Agreement or (2) reckless disregard of their obligations and duties under the Trust Agreement.

The Trust has agreed that the Custodian will only be responsible for any loss or damage suffered by the Trust as a direct result of the Custodian's negligence, fraud or willful default in the performance of its duties.

6 - Commitments and Contingent Liabilities

In the normal course of business, the Trust may enter into contracts with service providers that contain general indemnification clauses. The Trust's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Trust that have not yet occurred.

7 - Concentration Risk

Substantially all of the Trust's assets are holdings of gold bullion, which creates a concentration risk associated with fluctuations in the price of gold. Accordingly, a decline in the price of gold will have an adverse effect on the value of the Shares of the Trust. Factors that may have the effect of causing a decline in the price of gold include large sales by the official sector (governments, central banks, and related institutions); a significant increase in the hedging activities of gold producers; significant changes in the attitude of speculators, investors and other market participants towards gold; global gold supply and demand; global or regional political, economic or financial events and situations; investors' expectations with respect to the rate of inflation; interest rates; investment and trading activities of hedge funds and commodity funds; other economic variables such as income growth, economic output, and monetary policies; and investor confidence.

8 - Financial Highlights

9 - Investment Valuation

U.S. GAAP defines fair value as the price the Trust would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. The Trust's policy is to value its investment at fair value.

Various inputs are used in determining the fair value of assets and liabilities. Inputs may be based on independent market data ("observable inputs") or they may be internally developed ("unobservable inputs"). These inputs are categorized into a disclosure hierarchy consisting of three broad levels for financial reporting purposes. The level of a value determined for an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement in its entirety. The three levels of the fair value hierarchy are as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not considered to be active, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means; and
- Level 3 – Unobservable inputs that are unobservable for the asset or liability, including the Trust's assumptions used in determining the fair value of investments.

At June 30, 2020 and December 31, 2019, the value of the gold bullion held by the Trust is categorized as Level 1.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

This information should be read in conjunction with the financial statements and notes to financial statements included in Item 1 of Part I of this Form 10-Q. The discussion and analysis that follows may contain statements that relate to future events or future performance. In some cases, such forward-looking statements can be identified by terminology such as "may," "should," "could," "expect," "plan," "anticipate," "believe," "estimate," "predict," "potential" or the negative of these terms or other comparable terminology. These statements are only predictions. Actual events or results may differ materially. These statements are based upon certain assumptions and analyses made by the Sponsor on the basis of its perception of historical trends, current conditions and expected future developments, as well as other factors it believes are appropriate in the circumstances. Whether or not actual results and developments will conform to the Sponsor's expectations and predictions, however, is subject to a number of risks and uncertainties, including the special considerations discussed below, general economic, market and business conditions, changes in laws or regulations, including those concerning taxes, made by governmental authorities or regulatory bodies, and other world economic and political developments. Although the Sponsor does not make forward-looking statements unless it believes it has a reasonable basis for doing so, the Sponsor cannot guarantee their accuracy. Except as required by applicable disclosure laws, neither the Trust nor the Sponsor is under a duty to update any of the forward-looking statements to conform such statements to actual results or to a change in the Sponsor's expectations or predictions.

Introduction

The iShares Gold Trust (the "Trust") is a grantor trust formed under the laws of the State of New York. The Trust does not have any officers, directors, or employees, and is administered by The Bank of New York Mellon (the "Trustee") acting as trustee pursuant to the Fourth Amended and Restated Depositary Trust Agreement (the "Trust Agreement") between the Trustee and iShares Delaware Trust Sponsor LLC, the sponsor of the Trust (the "Sponsor"). The Trust issues units of beneficial interest ("Shares") representing fractional undivided beneficial interests in its net assets. The assets of the Trust consist primarily of gold bullion held by a custodian as an agent of the Trust responsible only to the Trustee.

The Trust is a passive investment vehicle and seeks to reflect generally the performance of the price of gold. The Trust seeks to reflect such performance before payment of the Trust's expenses and liabilities. The Trust does not engage in any activities designed to obtain a profit from, or ameliorate losses caused by, changes in the price of gold.

The Trust issues and redeems Shares only in exchange for gold, only in aggregations of 50,000 Shares (a "Basket") or integral multiples thereof, and only in transactions with registered broker-dealers that have previously entered into an agreement with the Sponsor and the Trustee governing the terms and conditions of such issuance (such broker-dealers, the "Authorized Participants"). A list of the current Authorized Participants is available from the Sponsor or the Trustee.

Shares of the Trust trade on NYSE Arca, Inc. under the ticker symbol IAU.

Valuation of Gold Bullion; Computation of Net Asset Value

On each business day, as soon as practicable after 4:00 p.m. (New York time), the Trustee evaluates the gold held by the Trust and determines the net asset value of the Trust and the net asset value per Share ("NAV"). The Trustee values the gold held by the Trust using the price per fine troy ounce of gold determined in an electronic auction hosted by ICE Benchmark Administration ("IBA") that begins at 3:00 p.m. (London time) and published shortly thereafter, on the day the valuation takes place (such price, the "LBMA Gold Price PM"). If there is no announced LBMA Gold Price PM on any day, the Trustee is authorized to use the most recently announced price of gold determined in an electronic auction hosted by IBA that begins at 10:30 a.m. (London time) (such price, the "LBMA Gold Price AM"), unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate as a basis for evaluation. The LBMA Gold Price AM and LBMA Gold Price PM are used by the Trust because they are commonly used by the U.S. gold market as indicators of the value of gold, and are permitted to be used under the Trust Agreement. The use of indicators of the value of gold bullion other than the LBMA Gold Price AM and LBMA Gold Price PM could result in materially different fair value pricing of the gold held by the Trust, and as such, could result in different cost or market adjustments or in different redemption value adjustments of the outstanding redeemable capital Shares. Having valued the gold held by the Trust, the Trustee then subtracts all accrued fees, expenses and other liabilities of the Trust from the total value of the gold held by the Trust and other assets of the Trust. The result is the net asset value of the Trust. The Trustee computes NAV by dividing the net asset value of the Trust by the number of Shares outstanding on the date the computation is made.

Liquidity

The Trust is not aware of any trends, demands, conditions or events that are reasonably likely to result in material changes to its liquidity needs. In exchange for a fee, the Sponsor has agreed to assume most of the expenses incurred by the Trust. As a result, the only ordinary expense of the Trust during the period covered by this report was the Sponsor's fee. The Trust's only source of liquidity is its sales of gold.

Critical Accounting Policies

The financial statements and accompanying notes are prepared in accordance with generally accepted accounting principles in the United States of America. The preparation of these financial statements relies on estimates and assumptions that impact the Trust's financial position and results of operations. These estimates and assumptions affect the Trust's application of accounting policies. A description of the valuation of gold bullion, a critical accounting policy that the Trust believes is important to understanding its results of operations and financial position, is provided in the section entitled "Valuation of Gold Bullion; Computation of Net Asset Value" above. In addition, please refer to Note 2 to the financial statements included in this report for further discussion of the Trust's accounting policies.

Results of Operations

The Quarter Ended June 30, 2020

The Trust's net asset value grew from \$20,223,180,272 at March 31, 2020 to \$25,912,624,790 at June 30, 2020, a 28.13% increase. The increase in the Trust's net asset value resulted primarily from an increase in the number of outstanding Shares, which rose from 1,316,000,000 Shares at March 31, 2020 to 1,535,400,000 Shares at June 30, 2020, a consequence of 237,850,000 Shares (4,757 Baskets) being created and 18,450,000 Shares (369 Baskets) being redeemed during the quarter. The increase in the Trust's net asset value also benefited from an increase in the price of gold, which rose 9.89% from \$1,608.95 (LBMA Gold Price AM) at March 31, 2020 to \$1,768.10 (LBMA Gold Price PM) at June 30, 2020.

The 9.82% rise in the Trust's NAV from \$15.37 at March 31, 2020 to \$16.88 at June 30, 2020 is directly related to the 9.89% increase in the price of gold.

The Trust's NAV increased slightly less than the price of gold on a percentage basis due to the Sponsor's fees, which were \$14,632,446 for the quarter, or 0.06% of the Trust's average weighted assets of \$23,603,564,772 during the quarter. The NAV of \$16.91 on June 29, 2020 was the highest during the quarter, compared with a low during the quarter of \$15.06 on April 01, 2020.

Net increase in net assets resulting from operations for the quarter ended June 30, 2020 was \$2,122,665,019, resulting from an unrealized gain on investment in gold bullion of \$2,078,877,217, a net realized gain of \$58,420,248 on gold distributed for the redemption of Shares and a net realized gain of \$2,481,003 from gold bullion sold to pay expenses during the quarter, partially offset by a net investment loss of \$14,632,446. Other than the Sponsor's fees of \$14,632,446, the Trust had no expenses during the quarter.

The Six-Month Period Ended June 30, 2020

The Trust's net asset value grew from \$17,628,525,082 at December 31, 2019 to \$25,912,624,790 at June 30, 2020, a 46.99% increase. The increase in the Trust's net asset value resulted primarily from an increase in the LBMA Gold Price, which rose 16.09% from \$1,523.00 (LBMA Gold Price AM) at December 31, 2019 to \$1,768.10 (LBMA Gold Price PM) at June 30, 2020. The increase in the Trust's net asset value was partially offset by an increase in outstanding Shares, which rose from 1,211,150,000 Shares at December 31, 2019 to 1,535,400,000 Shares at June 30, 2020, a consequence of 409,250,000 Shares (8,185 Baskets) being created and 85,000,000 Shares (1,700 Baskets) being redeemed during the period.

The 15.93% increase in the NAV from \$14.56 at December 31, 2019 to \$16.88 at June 30, 2020 is directly related to the 16.09% increase in the price of gold.

The NAV increased slightly less than the price of gold on a percentage basis due to the Sponsor's fees, which were \$26,450,615 for the period, or 0.12% of the Trust's average weighted assets of \$21,322,339,469 during the period. The NAV of \$16.91 on June 29, 2020 was the highest during the period, compared with a low during the period of \$14.08 on March 19, 2020.

Net increase in net assets resulting from operations for the six months ended June 30, 2020 was \$3,093,507,192, resulting from an unrealized gain on investment in gold bullion of \$2,909,891,077, a net realized gain of \$205,772,537 on gold distributed for the redemption of Shares and a net realized gain of \$4,294,193 from gold bullion sold to pay expenses during the period, offset by a net investment loss of \$26,450,615. Other than the Sponsor's fees of \$26,450,615, the Trust had no expenses during the period.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures.

The duly authorized officers of the Sponsor performing functions equivalent to those a principal executive officer and principal financial officer of the Trust would perform if the Trust had any officers, with the participation of the Trustee, have evaluated the effectiveness of the Trust's disclosure controls and procedures, and have concluded that the disclosure controls and procedures of the Trust were effective as of the end of the period covered by this report to provide reasonable assurance that information required to be disclosed in the reports that the Trust files or submits under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported, within the time periods specified in the applicable rules and forms, and that it is accumulated and communicated to the duly authorized officers of the Sponsor performing functions equivalent to those a principal executive officer and principal financial officer of the Trust would perform if the Trust had any officers, as appropriate to allow timely decisions regarding required disclosure.

There are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures.

There were no changes in the Trust's internal control over financial reporting that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Trust's internal control over financial reporting.

PART II - OTHER INFORMATION**Item 1. Legal Proceedings.**

None.

Item 1A. Risk Factors

Except as set forth below, there have been no material changes to the Risk Factors last reported under Part I, Item 1A of the registrant's Annual Report on Form 10-K for the year ended December 31, 2019, filed with the Securities and Exchange Commission on February 27, 2020.

The Trust may be negatively impacted by the effects of the spread of illnesses or other public health emergencies on the global economy and the markets and service providers relevant to the performance of the Trust.

An outbreak of infectious respiratory illness caused by a novel coronavirus known as COVID-19 was first detected in China in December 2019 and has now been spread globally. This outbreak has resulted in travel restrictions, closed international borders, enhanced health screenings at ports of entry and elsewhere, disruption of and delays in healthcare service preparation and delivery, prolonged quarantines, event cancellations, supply chain disruptions, and lower consumer demand, layoffs, defaults and other significant economic impacts, as well as general concern and uncertainty. The impact of this outbreak has adversely affected the economies of many nations and the entire global economy and may impact individual issuers and capital markets in ways that cannot necessarily be foreseen. Other infectious illness outbreaks that may arise in the future could have similar impacts. Public health crises caused by the outbreak may exacerbate other pre-existing political, social and economic risks in certain countries or globally.

The COVID-19 outbreak may continue to have serious negative effects on social, economic and financial systems, including significant uncertainty and volatility in the financial markets. For instance, the suspension of operations of mines, refineries and vaults that extract, produce or store gold, restrictions on travel that delay or prevent the transportation of gold, and an increase in demand for gold may disrupt supply chains for gold, which could cause secondary market spreads to widen and compromise our ability to settle transactions on time. Any inability of the Trust to issue or redeem Shares or the Custodian or any sub-custodian to receive or deliver gold as a result of the outbreak will negatively affect the Trust's operations.

The duration of the outbreak and its effects cannot be determined with certainty. A prolonged outbreak could result in an increase of the costs of the Trust, affect liquidity in the market for gold as well as the correlation between the price of the Shares and the net asset value of the Trust, any of which could adversely affect the value of your Shares. In addition, the outbreak could also impair the information technology and other operational systems upon which the Trust's service providers, including the Sponsor, the Trustee and the Custodian, rely, and could otherwise disrupt the ability of employees of the Trust's service providers to perform essential tasks on behalf of the Trust. Governmental and quasi-governmental authorities and regulators throughout the world have in the past responded to major economic disruptions with a variety of fiscal and monetary policy changes, including, but not limited to, direct capital infusions into companies, new monetary programs and lower interest rates. An unexpected or quick reversal of these policies, or the ineffectiveness of these policies, is likely to increase volatility in the market for gold, which could adversely affect the price of the Shares.

Further, the outbreak could interfere with or prevent the operation of the electronic auction hosted by IBA to determine the LBMA Gold Price, which the Trustee uses to value the gold held by the Trust and calculate the net asset value of the Trust. The outbreak could also cause the closure of futures exchanges, which could eliminate the ability of Authorized Participants to hedge purchases of Baskets, increasing trading costs of Shares and resulting in a sustained premium or discount in the Shares. Each of these outcomes would negatively impact the Trust.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

a) None.

b) Not applicable.

c) 18,450,000 Shares (369 Baskets) were redeemed during the quarter ended June 30, 2020.

AMENDMENT AGREEMENT

THIS AMENDMENT AGREEMENT is dated 30 June 2020 (this "Amendment")

PARTIES

- (1) **JPMorgan Chase Bank, N.A., London Branch**, a company incorporated with limited liability as a National Banking Association whose principal London Office is at 25 Bank Street, Canary Wharf, E14 5JP, London, United Kingdom ("**we**" or "**us**"); and
- (2) **The Bank of New York Mellon**, a banking corporation organized under the laws of the State of New York, whose principal place of business is at 240 Greenwich Street, New York, New York, 10286, United States of America, in its capacity as trustee of the iShares® Gold Trust, formerly known as the iShares® COMEX® Gold Trust ("**Trust**"), (in such capacity "**you**")

together (the "**Parties**").

WHEREAS, the Parties hereto have previously entered into a Second Amended and Restated Custodian Agreement dated 22 December 2016 (the "**Agreement**"); and

WHEREAS, the Parties desire to amend Clauses 3.4, which relates to the delivery of gold, and 14.2.1 of the Agreement.

NOW THEREFORE, in consideration of the mutual agreements herein contained, the Parties hereby agree as follows:

1. Definitions and Interpretation

1.1 Terms defined in the Agreement shall have the same meaning when used in this Amendment, unless defined below.

2. Amendment of the Agreement

2.1 Pursuant to Clause 15.3 of the Agreement, and with effect from and including 30 June 2020, the Parties agree that the Agreement is hereby amended as stated in this Clause 2.

2.2 The following wording in the heading for Clause 3.4 of the Agreement shall be deleted: "*refuse Precious Metal or*".

2.3 The following wording in Clause 3.4 of the Agreement shall be deleted: "*; provided, that we will not be required to take any additional delivery of Gold if, after giving effect to such delivery, the aggregate value of Bullion would exceed U.S.\$50 billion*".

2.4 For the avoidance of doubt, the remainder of Clause 3.4 of the Agreement shall remain unchanged.

2.5 Clause 14.2.1 of the Agreement shall be deleted in its entirety and replaced with:
