14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action.

The issuer paid distributions to common shareholders from February to October of 2023. All or portion of each distribution constitutes a non-taxable return of capital.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis.

The portion of the distribution that constitutes a non-taxable return of capital will decrease a U.S. taxpayer's basis in the shares of issuer. The non-taxable return of capital is as follows:
