14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► The issuer paid a monthly distribution to common shareholders from February 2017 to October 2017. All or a portion of each distribution constitutes a non-taxable return of capital.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► Issuer's current and accumulated earnings were compared to distributions paid during the year ended October 31, 2017. The non-taxable return of capital represents the amount of distributions paid during the taxable year ended October 31, 2017 in excess of Issuer's current and accumulated earnings and profits under IRC Section 316.
