Part II  Organizational Action

Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action. On March 26, 2019 the issuer paid a distribution to common shareholders of record of March 21, 2019. All or a portion of each distribution constitutes a non-taxable return of capital.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis. The portion of the distribution that constitutes a non-taxable return of capital will decrease a U.S. taxpayer's basis in the shares of issuer. The non-taxable return of capital is as follows:

Per Share Reduction of Basis in Common Stock

Distribution Payable On: March 26, 2019

$0.704020

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates. Issuer's current and accumulated earnings were compared to distributions paid during the year ended March 11, 2019. The non-taxable return of capital represents the amount of distributions paid during the taxable year ended March 31, 2019 in excess of issuer's current and accumulated earnings and profits under IRC Section 316.
